If you've ever been stood up by a home repair person, or wondered if you were getting a good rate from a reputable company, a CoralGables@HOME membership is the answer. CoralGables@HOME conducts extensive background checks on our service providers and retains copies of their licenses and a certificate of insurance.

We offer special pricing and contingencies for a wide variety of services including: a certified chauffeur service to drive your car (without a minimum usage requirement), and a caterer offering selection of heat 'n' serve menu options each week for home delivery.

Imagine having the peace of mind of never having to wonder who to call, or feeling as though you are imposing on friends, family, or neighbors.
